RADIOGRAPHY TRACK – The Radiation Therapy Program also accepts students in their radiography track. Applicants must supply evidence of registration in radiography by the ARRT or completion of a radiography program accredited by the Joint Review Committee on Education in Radiologic Technology. Students who apply for this program must meet the same application deadline (December 1), but would enter the program in the fall term.

FOR MORE INFORMATION – For advising assistance visit us online at <http://medicine.iu.edu/hpp/> or contact the School's Administrative Office at (317) 278-4752 or askhpp@iupui.edu. For program specific information, please contact Program Director Maria Walker at (317) 944-1343, Cancer Care Pavilion, RT 107A, or e-mail: macwalke@iupui.edu.

NOTE: Enrollment at Indiana University does not guarantee admission to any of the IU School of Medicine Health Professions Programs. To be eligible for admission to one of these programs, students must adhere to the academic regulations of the academic unit in which they are enrolled and meet School and individual program preadmission requirements as stipulated in the general education and program sections of the most recent bulletin. Admission to many programs is competitive; therefore, completion of the prerequisites does not guarantee admission to the program. To be considered for admission, students must complete an application in the year prior to entry by the program's stated application deadline.

ADMISSIONS TIPS & HINTS

The Radiation Therapy Program's Admissions Committee focuses on prerequisite course and prerequisite math/science GPAs as a main criterion for admission. Students with a grade of less than a "B" in any course requirement, especially in math/science, may want to repeat the course. Only courses repeated through the fall term in the year prior to entry can be used to re-calculate the applicant's admissions GPAs.
